**RE: APSC Certification of Eligibility to Receive High Cost Support
Pursuant to 47 C.F.R. §54.314; APSC Docket 25980.**

Dear Mr. Thomas:

Please find attached the certificate of Blountsville Telephone Company, Inc. (the "Company"), in conjunction with the Commission's annual certification that the Company is eligible to continue to receive federal high cost support for high-cost universal service support for electronic filing. The original and one copy will be delivered to the Commission. If any additional information is required, please contact me at (205) 429-1420.

Very truly yours,

Dennis Andrews
Senior Vice President

Enclosure

CERTIFICATION

In its December 20, 2001 and September 28, 2005 Orders in APSC Docket 25980, this Commission determined that it could best meet its monitoring and certification obligations by requiring the "rural LEC Cost Companies" to file with the Commission a copy of their supporting annual interstate cost separation study, annual USF-HCLS filing and estimated USF-LSS filing for review and each of the "rural LEC Average Schedule Companies" to file with the Commission a copy of NECA's proposed annual USF-HCLS and USF-LSS amounts for review. Pursuant to the Order, the Company has previously provided the Commission with a copy of its most recent annual interstate cost separation study, annual 2006 USF-HCLS, and estimated 2006 USF-LSS filings.

The Company further certifies that it will only use the federal high-cost support it receives during 2006-2007 for the continued provision, maintenance and upgrading of facilities and service for which such support is intended as described in 47 C.F.R. Section 54.101. Those services, which are available to any customer in the Company's service area are: single-party voice grade access to the public switched network, unlimited local usage, dual-tone multi-frequency signaling or its functional equivalent, access to emergency services, including 9-1-1 service or enhanced 9-1-1 service, access to operator service, access to interexchange service, and access to directory assistance, and toll limitation for qualifying low-income customers.

The Company respectfully requests that the Commission notify the FCC prior to October 1 of this year that the Company is eligible to receive federal high-cost support in 2007. Any questions regarding this submission or the underlying documentation previously submitted to the Commission should be directed to Dennis Andrews at (205) 429-1420.

Respectfully Submitted,

Blountsville Telephone Company, Inc.

Enclosed herein for electronic filing with the Alabama Public Service Commission ("Commission") is a certificate and transmittal letter provided on behalf of Hayneville Telephone Company, Inc. ("Hayneville Telephone") in conjunction with the Commission's annual certification that Hayneville Telephone is eligible to continue to receive federal high cost support for high-cost universal service support. The May 2, 2006 date on these documents reflects the date that they were due to be filed with the Commission; however, Hayneville Telephone's own records do not reflect such a filing. Out of an abundance of caution, therefore, Hayneville Telephone is resubmitting these documents for filing with the Commission. The original of this letter and one copy will be delivered tomorrow.

If you have any questions, please do not hesitate to contact me.

Very truly yours,

Evelyn P. Causey
Chief Financial Officer

**RE: APSC Certification of Eligibility to Receive High Cost Support
Pursuant to 47 C.F.R. Section 54.314; APSC Docket 25980.**

Dear Mr. Thomas:

Attached is the certificate filed by Hayneville Telephone Company, Inc. (the "Company"), in conjunction with the Commission's annual certification that the Company is eligible to continue to receive federal high cost support for high-cost universal service support. Also enclosed are ten copies of this filing. If any additional information is required, please contact Harold Moses, CPA at (334) 396-6700.

Very truly yours,

Evelyn P Causey

CFO

CERTIFICATION

In its 2004 and September 28, 2005 Orders in APSC Docket 25980, this Commission determined that it could best meet its monitoring and certification obligations by requiring the "rural LEC Cost Companies" to file with the Commission a copy of their supporting annual interstate cost separation study, annual USF-HCLS filing and estimated USF-LSS filing for review and each of the "rural LEC Average Schedule Companies" to file with the Commission a copy of NECA's proposed annual USF-HCLS and USF-LSS amounts for review. Pursuant to the Order, the Company has previously provided the Commission with a copy of its annual 2005 USF-HCLS, and estimated 2006 USF-LSS filings.

The Company further certifies that it will only use the federal high-cost support it receives during 2006-2007 for the continued provision, maintenance and upgrading of facilities and service for which such support is intended as described by 47 C.F.R. Section 54.101. Those services, which are available to any customer in the Company's service area are: single-party voice grade access to the public switched network, unlimited local usage, dual-tone multi-frequency signaling or its functional equivalent, access to emergency services, including 9-1-1 service or enhanced 9-1-1 service, access to operator service, access to interexchange service, and access to directory assistance, and toll limitation for qualifying low-income customers.

The Company respectfully requests that the Commission notify the FCC prior to October 1 of this year that the Company is eligible to receive federal high-cost support in 2007. Any questions regarding this submission or the underlying documentation previously submitted to the Commission should be directed to Harold L. Moses, CPA at (334) 396-6700.

Respectfully Submitted

By: Evelyn P Causey
